

# Product Brief | Rimage Printer Series

## Superior print technology, superior results

From the industry's fastest and most economical thermal retransfer print quality to the most durable, high-resolution printed surface, Rimage AutoPrinter, Everest™ and PrismPlus!™ disc printing systems meet the daily demands of continuous, high-capacity digital publishing.

Everest 600 Standalone Printer

## AutoEverest 600 and AutoPrismPlus! AutoPrinters

Automate direct-to-disc printing. Simply load your discs and walk away.

### Features

- Robust robotics for automatic disc printing
- Three 100-disc input bins enable efficient production of jobs from 1 to 300 discs without user intervention
- No set-up or clean-up time or cost, and no specialized operators required
- Small footprint
- Choose between Everest 600 color and PrismPlus! monochrome printers

AutoPrismPlus!

## Everest 600 Standalone Printer

Thermal retransfer print technology delivers durable CD/DVD/Blu-ray Discs™ with the highest print resolution in the industry.

### Features

- Permanent printing ensures images are scratch proof, waterproof, fade resistant and UV protected
- 600 dpi resolution delivers photo quality images
- Edge-to-edge printing fully utilizes the media surface
- Intelligent system keeps track of the remaining print ribbons and communicates the information throughout the printing process

## PrismPlus! Standalone Printer

A high-speed printer for monochrome printing on CD/DVD/Blu-ray Discs.

### Features

- PerfectPrint technology provides registered printing on original, silk-screened media
- Ribbon Saver reduces ribbon waste by only using the amount needed, lowering costs and maximizing throughput
- Print head integrity check automatically tests the print head elements, ensuring high quality images
- Cleaning mode allows you to clean the print head surface quickly and easily
